

# QUARTERLY *Impact Report*

## APRIL - JUNE 2025

### Client Advocate

"As a family of four, with a high school senior and a seventh grader, **we were already navigating big changes...** Little did we know what was headed our way. After my routine mammogram in September 2024, I was **diagnosed with an aggressive form of breast cancer**, requiring five months of chemotherapy before surgery. The road has been tough, **but your support has made it bearable.**

...Because of your work, **I have made it my mission to encourage others to get mammograms**—so far, I've convinced 15 women to take that step...

Your kindness has made a profound difference, and I will always carry your generosity in my heart.
